

# STANFORD ENVIRONMENTAL INTERNSHIPS IN CALIFORNIA

## Description:

The Stanford Woods Institute for the Environment, in collaboration with the Haas Center for Public Service and Stanford in Government, is offering undergraduates paid summer internships that provide a hands-on introduction to environmental policy work.

These internships are full-time (35-40 hours/week) for ten consecutive weeks and will begin on or about June 25, 2018. Students who are selected will receive mentoring from environmental professionals and directly contribute to solving important sustainability challenges that are facing the public.

Placements are available at:

- California Department of Conservation (2)
- California Department of Fish & Wildlife (2)
- Governor's Office of Planning & Research (OPR)
- California Ocean Protection Council (OPC)
